Your Trusted Local Dental Malpractice Insurance Agent!

At Diers, we understand your unique dental practice insurance needs. As competition heats up, we're more committed than ever to offering a **comprehensive insurance** solution for your practice coupled with exceptional customer service. Our service team is conveniently located in Omaha. We have been endorsed by the Nebraska Dental Association for 14 years and have recently collaborated with the Association to increase our presence and opportunities in 2025-2026.

We will **continue** to be the exclusive agent for the Professional Protector Plan® for Dentists (PPP®) in Nebraska, and you can count on us in the future. While other agents may reach out with offers to change your dental malpractice insurance coverage, don't be swayed—they can't match the **longevity and proven reliability** of Diers and the PPP®.

The Professional Protector Plan® for Dentists (PPP®) has been the market leader for nearly **60 years**, constantly evolving to stay ahead.

What is the PPP® Difference?

- An "A" (Excellent) financial rating by A.M. Best (1/2025) Carrier Partner
- Customizable Policies for every stage of your dental career
